1 Purpose and Scope

- a. This policy defines best practices to reduce the risk of data loss/exposure through workstations.
- b. This policy applies to regular full-time, regular part-time, temporary, and provisional employees. Workstation is defined as the collection of all company-owned devices containing company data, as well as personally-owned devices related to work purposes.

2 Policy

- a. Workstation devices must meet the following criteria:
 - i. Operating system must be no more than one generation older than current.
 - ii. Device must be locked when not in use or when the employee leaves the workstation. Enable screen sleeping after 15 minutes of inactivity.
 - iii. Loss or destruction of devices must be reported immediately to the ISM.
- b. Additonally, managed workstations devices must meet the following criteria:
 - i. Device must be encrypted at rest.
 - ii. Device must be used for authorized business purposes only.
 - iii. Laptops, desktop must run the latest version of antivirus software that has been approved by IT.
- c. *Desktop & laptop devices*
 - i. Regular full-time and regular part-time employees will be issued a desktop, laptop, or both by the company, based on their job duties. Temporary and provisional employees will provide their own laptops.
 - ii. Desktops and laptops must operate on macOS, Windows, or an approved flavor of Linux.
- d. *Mobile devices*
 - i. Mobile devices must be operated as defined in the Removable Media Policy, Cloud Storage, and Bring Your Own Device Policy.
 - ii. Mobile devices must operate on iOS or Android.
- e. *Removable media*

- i. Removable media must be operated as defined in the Removable Media Policy, Cloud Storage, and Bring Your Own Device Policy.
- ii. Make sure to shred any printed documents containing sensitive data or bring them to the office for proper disposal.
